

Planers

PHO 2-82

Robust, reliable and easy to handle

[Go to product](#)

Key product features

- High-quality cutting system with planer blade that sits perfectly without additional adjustment
- Accurate planing depth of 2.0 mm and a powerful 710 watt motor
- Spring-mounted parking rest enables the tool to be put down safely

Other product advantages

- Quick and easy changing of the planer blade
- Precision and high surface quality of the workpiece
- Low costs for blade changes
- Precise and easy adjustment of the planing depth
- Improved chamfering function due to three different V-grooves

Comes complete with

- Blade guide
- Blade sharpener
- Parallel guide
- Hexagon socket spanner
- Bag
- 2 x planer blades (1 619 PA2 313)

Part number: 0603210040

EAN code: 3165140649568

Planers

PHO 2-82

Technical data

Power input: 710 W

Power output: 400 W

Cutting depth: 0 – 2,0 mm

Rebating depth: 0 – 7 mm

Planing width: 82 mm

No-load speed: 16.000 rpm

Machine weight: 2,9 kg

Functions

Power input

710 watts

3 V-grooves

Easy chamfering of edges

Cutting depth adjustment handle

Continuously variable adjustment of the cutting depth

Parallel guide

Safe guidance on the workpiece
