

Mitre Saw
PCM 1800

[Go to product](#)

Key product features

- The smallest and lightest saw in its class
- Outstanding handling and easy operation
- Enormously high sawing quality

Other product advantages

- Very safe operation
- Very quiet tool
- Dust extraction
- Integrated laser for precise and accurate sawing
- Safety lock
- High-quality 40-tooth TCT saw blade
- Additionally supporting arm

Part number: 0603B01040

EAN code: 3165140557825

Mitre Saw

PCM 1800

Technical data

Power input: 1.800 W

No-load speed: 4.500 rpm

Circular saw blade rated diameter: 254 mm

Circular saw blade bore size: 25,4 mm

Cutting capacity at 0°/0°: 70 x 130 mm

Cutting capacity at 45°/0°: 70 x 90 mm

Machine weight: 13,8 kg

Functions

Power input

1800 watts

Laser cutting line

Perfect aid for straight and precise cuts

Spindle lock

Easy disc changes due to spindle locking at the push of a button

Cable length 2.5 m

More flexibility

Softgrip

Low-fatigue working, safe handling

Dustproof ball bearing

Helical gears

Functions

Laser guide

Integrated work light

Table extension
